VINTAGE COMBAT FINAL ROUND - DARLEY MOOR – 22nd September 2013

22nd September 2013 Darley Moor Vintage Combat Finalists

The final was unusual to say the least, with Richard Herbert left an observer after his model was caught in Mick's lines- The first time you have landed a Pirahna Mick? It went like this...

Meanwhile, earlier in the day...

As usual, the centre action often provides some interesting shots if you don't know that there are models up there somewhere...

Geoff took an early cut, and the second followed shortly...though Vernon was more of a challenge...

Sam Severne's JO19 got up close and personal with Vernon's PAW

By Jupiter- It flies!

As did this offering from Bob...

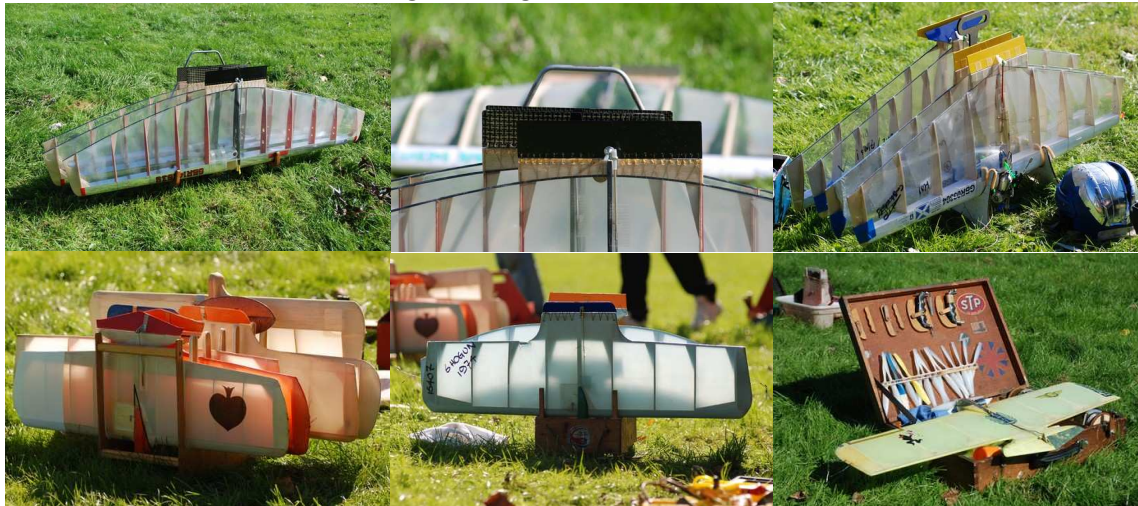

Until met by an Anduril...

Various bits of action...and Vernon looks like he might need the Darley digger!

F2D was also in action up by the Darley Diner, though I didn't manage to get much of the action on camera. I enjoyed watching Harry's bout against Gordon and took a few static shots whilst I was there, so here is a little F2D/Vintage montage.

Roll on 2014... ☺
